## FROM OUR PRESIDENT

As an organization, we are dedicated to serving the needs of those in our community who are affected by the weight of addiction. We strive to reach as many people as possible because we know that this fight cannot be won alone. For many, the idea of a long-term inpatient program is intimidating or next to impossible in current life circumstances.

One of the ways we can extend our hand and come alongside these men and women is through outpatient services.

Our partnership with Naaman Center began in 2018 and as a subsidiary of PA Adult and Teen Challenge, our Naaman center staff work closely together with us to provide the best possible treatment for every individual who enters our program.

Outpatient therapy is an important part of our continuum of care that allows us to provide support where it is needed in our local communities through a growing network of on-site locations and through telehealth. Personalized treatment plans and quality clinical care is attainable no matter where you or your loved one is on your recovery journey.

As a faith centered program, we strive for excellence in all that we do and we are committed to both preserving life and facilitating opportunities for our participants to encounter faith in Jesus Christ. Even when our witness is not explicit or welcome, the foundation of all our programming is biblical and filtered through the truth of scripture. God calls us to love one another and

to care for those in need. So, we want to meet them at the point of their need and will continue to fight the drug epidemic with all the tools that God has given us. Your investment into PAATC and Naaman center is an investment in the lives of people just like you and me, whom God loves. Thank you for Bringing Wholeness to the Hopeless!

## ADVANCEMENT TEAM TAKES PRAYER REQUESTS FOR DONORS

Did you know that members of the Advancement Team and Senior Leadership Team have been contacting our donors to thank them for their support to our ministry? As a way to show our gratitude to our donors, we

ask if they have any prayer requests. The prayer requests are prayed over by members of our ministry and advancement team as well as our long-term students.

Many of the requests are for loved ones who are still struggling with their substance use disorder.

Lately, requests have been for prayers for their children and grandchildren who have fallen away from God.

They have stated, "my children no longer believe in God; they are disheartened

by what is going on in our world." From time to time we get a heartfelt request for a loved one who has died. One such request came from donor Lorraine.

Lorraine buried her son Aaron after he was killed in a car crash in the fall and just last week she had to grieve for the loss of her father. Please keep Lorraine and all of our donors in your prayers as they truly support our mission.

If you need prayer, include your request with your donation or contact us through our website and we will pass it on to the prayer team.

*Prayer* delights god's ear;  
it melts his *heart*

## RADICAL GRACE & GENEROUS GIVING

by Jenn Joiner, Manager for Special Event & Print Production

In 2014, my husband, a 2008 graduate of Pennsylvania Adult & Teen Challenge (PAATC) went through a time of relapse. Through the Lord's leading and the wise counsel of the people I worked for at PAATC, my husband chose to go get help and find healing. While he was away in PAATC's restoration program, I was left to care for our two-and-a-half-

year-old son. I was also pregnant with our second son. This for me would likely be a time of despair and hopelessness... BUT God!

Throughout that time, the Lord provided through the miraculous generosity of people in our lives. Friends and family provided practical things like meals, money for bills, groceries, clothing, diapers, and even childcare so I could continue to work. When my need was great, the Lord showed himself to be greater. Our family had no way to pay for my husband's time in PAATC's

Restoration Program. The Lord opened the door for him to get help through the generosity of people like you. People who chose to give selflessly in my time of need. Your selfless giving provided me the hope to endure and the grace to move forward each day. Thank you for the role that you played in bringing healing to my family.

Each faithful gift you give today provides others with the same hope and wholeness that you gave my family and I in our time of need. Today, my heart is filled with gratitude for how you helped to change the course of our lives. Working at PAATC, I am also grateful that I get to see how God continues to use you to change the lives of the people in our program.

THANK YOU FOR  
THE ROLE THAT  
YOU PLAYED  
IN BRINGING  
HEALING TO MY  
FAMILY...

## GOLF TOURNAMENT A SUCCESS!

100 golfers enjoyed a beautiful day of golf at our 33rd Annual Charity Golf Tournament!

Over \$10,000 was raised to support the people in our programs. Your support of this event has made a difference in the lives of those we are here to help!

Congratulations to our foursome winners from Ambassador Advisors!
